

# Cordless Driver 4 & SABO2

## Cordless Driver

### Your One-System Solution

Developed specifically for Sports Med and Ortho Trauma, this system produces the dependable power you require, along with the long-lasting reliability of Stryker SmartLiFE Li-Ion Batteries.

The cordless design of CD4 and SABO2 Sagittal Saw allows for easy mobility in the sterile field. Both

are engineered to be lightweight and ergonomic for comfortable control.

Leveraging over 30 years of surgical battery power tool innovation, we've designed this platform for exceptional performance, reliability and ease of use, simplifying your ability to deliver outcomes – with total confidence.

### Cordless Driver 4

Compact, versatile and ergonomic, Cordless Driver 4 enables you to pin, drill, cut and ream with ease. Our exclusive *POWERream* Technology produces a significant increase in torque compared to CD3, providing the confidence to ream in Sports Med and Ortho Trauma procedures.

- 4405-000-000 Cordless Driver 4
- 4405-235-000 POWERream Hudson/Modified Trinkle
- 4405-213-000 POWERream Hudson
- 4405-231-000 POWERream 1/4" Chuck
- 4405-260-000 POWERream Trinkle
- 4405-210-000 POWERream Large AO

### SABO2 Sagittal Saw

Lightweight and precise, the SABO2 is a dedicated handpiece that provides cutting efficiency and consistency. It delivers long-lasting power, and is designed to optimize cutting speed, control and accuracy.

- 4408-000-000 SABO2 Sagittal Saw

\*This does not replace the operative technique, please refer to the operative technique for all procedures. \*\*Not drawn to scale.

## Ordering Information
